SCHOLARSHIP NAME	AMOUNT

The MCAD Matching Grant is awarded to students who have received outside scholarships. The amount of the grant is based on the amount of the scholarship awarded. To qualify for the Matching Grant, students need to send copies of all scholarship announcement letters to the Financial Aid Office. These letters need to include the organization's name, the recipient's name, and the yearly award amount. The total of all MCAD institutional awards cannot exceed \$15,000 per year. This grant does not match awards from Indian affairs, tribal money, or Fulbright Scholarships. Scholarship award notices need to be received by the first day of each semester to be considered for the Matching Grant.

By signing this, you authorize MCAD to use your financial aid funds to pay institutional expenses that have been charged to your account.
