

Admitted Student Cheat Sheet BFA/BS – Fall

This cheat sheet is intended as a guide to help newly admitted students complete required steps before the start of classes. This is a broad overview, and should be considered to be an aid rather than an exhaustive list. Students are encouraged to communicate with their individual MCAD Admissions counselor to ensure that they are completing all requirements. All students should pay close attention to email communications from the college. Instructions will be sent out by email, and students are expected to adhere to the guidelines set forth in email.

(For more information about the items listed below, please go to: mcad.edu/admitted)
